

The Biggest Business Carnival for Metal, Metal Working & Forming, Machinery, Hand Tools, Power Tools & Fasteners organized by ITEI.

Post Show Press Release 2018

India holds a fair advantage in cost of production and conversion costs in steel and alumina. Its strategic location enables convenient exports to develop as well as the fast-developing Asian markets. Rise in infrastructure development and automotive production are driving growth in the sector. Demand for iron and steel is set to continue, given the strong growth expectations for the residential and commercial building industry. The Government of India is taking steps boost the country's domestic steel sector and raise its capacity to 300 million tonnes (MT). The Union Cabinet, has already approved the National Steel Policy (NSP) last year, as it seeks to create a globally competitive steel industry in India.

India's comparatively low per capita steel consumption and expected growth in consumption due to growing infrastructure construction, automobile and railways sectors has offered scope for growth. By keeping in mind the growth of Indian Infrastructure sector and the Manufacturing industry there is a need for Unified Business Platform which can connect the Steel Industry of India with the Global player.

Over The Year MMMM has become said platform & positioned itself as the largest and the most prestigious event on Minerals, Metals & allied industries.

The 12th edition of international exhibition & conference on Minerals, Metals, Metallurgy & Materials was successfully hosted by International Trade & Exhibitions India Pvt. Ltd. (ITEI), the Indian subsidiary of ITE Group PLC (UK). It was held from **29 – 31 August, 2018 at Pragati Maidan, New Delhi, India**. The event witnessed diversified participation of **476 leading exhibitors from 16 countries and 11,346 High Quality Trade Visitors from 31 countries**. **MMMM 2018 was Co-sponsored by the Ministries of Steel, Mines, External Affairs, Council of Scientific & Industrial Research (CSIR), Government of India and supported by World Metal Forum (WMF)**. It was jointly organized by IIM-DC and **International Trade & Exhibitions India Pvt. Ltd. (ITEI), the Indian subsidiary of ITE Group PLC (UK)**.

The event was inaugurated by **Shri Chaudhary Birender Singh, Hon'ble Union Minister of Steel, Government of India** in presence of eminent personalities from industry, trade bodies and academia.

MMMM 2018 was planned with other specialized co-located exhibitions to create a **Mega Business Platform for Metal, Manufacturing, Engineering industry covering Hand Tools, Power Tools and Fasteners like;**

- **CWE - for Advanced Cutting and Welding Equipment & Technology including Laser Technology**
- **IMEX - for Latest Machine Tools (CNC, Laser, Shot Blasting, Measuring & Testing Equipment and more.....)**
- **UMEX - for Economical Pre-owned machinery in the industry**
- **HTF - for Advanced Hand Tools, Power Tools and Fasteners**
- **TECHINDIA - for Engineering and Manufacturing (Pumps, Valves, Compressors and more...)**

The Biggest Business Carnival for Metal, Metal Working & Forming, Machinery, Hand Tools, Power Tools & Fasteners organized by ITEI.

The said Biggest Business Carnival witnessed a large gathering of trade visitors from various segments of Manufacturing & Fabricating industry like,

Metals | Metal Working & Forming | Machinery, Cutting, Welding & Laser Technology | Automation | Machine Tools | Pre-Owned Machinery

Various other business networking programs were also organized including CEOs Conclave, International Business Networking Program, Investor Meets, Business Alliance Meets and Global Technology Supplier Pavilions.

A high level concurrent Conference on **"Minerals and Metals Sector - Growth Prospects in New Business Environment"** was organized by The Indian Institute of Metals- Delhi Chapter (IIM-DC). It was a conclave of Policy Makers, CEOs, Industry experts, Scientists, Academia and Engineers associated with Minerals, Metals, Metallurgical and Allied Industries.

The event was concluded with the Valedictory session. A special award program was also organized to felicitate industry leaders who exhibited exceptional design & concept, breakthrough technology, best innovative display etc. & attracted the attention of MMMM 2018 jury members.

MMMM & co-located Events have established itself as the "Biggest Business Festival of the Metals, Metal Working & Forming, Machinery Industry covering Production Automation & Tools" and support the overall growth of infrastructure, , Manufacturing & Engineering industry. The encouraging feedbacks from the participants point to a bigger show in the coming edition.
