MESSAGE

I am pleased to learn that the Delhi Chapter of Indian Institute of Metals is organizing an International Exhibition and Conference on Minerals, Metals, Metallurgy & Materials (MMMM-2018) at Pragati Maidan, New Delhi during August 29-31, 2018. I am delighted that since 1996 Delhi Chapter has been conducting this event in a successful manner and this 12th Edition of MMMM is organized with the theme "Minerals & Metals Sector – Growth Prospects in New Business Environment". All of us are aware that the Minerals & Metals Industries, which is a vital sector driving the growth of Indian economy, contributes about 4.5% of India's GDP. At this juncture organizing this 12th Edition of MMMM with the above theme is most appropriate and I am sure the deliberations and outcome of the international conference will provide valuable inputs in the business environment.

I am pleased to note that the event is organized by IIM, Delhi Chapter jointly with International Trade Exhibitions India Pvt. Ltd., and the event is also co-sponsored by a number of central Government Ministries including Ministry of Steel & Mines. I take this opportunity to wish this popular series Internal Exhibition and Conference on Minerals, Metals, Metallurgy & Materials (MMMM-2018) a grand success with the expected outcome benefitting the Indian Minerals & Materials Industry.

I would like to congratulate the organizers from IIM, Delhi for making strenuous efforts in organizing this event with more success than the previous edition. I am sure that all the participants including delegates, sponsors, exhibitors and visitors will get highly benefitted and will always look forward to attend the next Edition of MMMM Conference.
