ABOUT INDUSTRY

India is the 2nd largest producer of crude Steel, the largest producer of Sponge Iron or DRI in the world and the 3rd largest finished steel consumer in the world after China & USA.

India's steel production is expected to increase from **106.56 MT in FY19 to 128.6 MT by 2021.**

The current per capita consumption for finished steel products stood at **70.9 kg**, way below the world average of **224.5 kg**, which suggests that India has a huge unrealised potential for steel demand growth.

Government of India is aiming to scale the Steel production upto 300 Million Tons and increase the per capita steel consumption upto 160 kgs by 2030-31 as per National Steel Policy. The liberalization of industrial policy and other initiatives taken by the Government have given a definite impetus for entry, participation and growth of the private sector in the steel industry.

Indian Steel Industry is witnessing consolidation of players which will presents an opportunity for global players to enter the Indian Market, while the existing units are being modernized/expanded, a large number of new steel plants have also come up in different parts of the country based on modern, cost effective, state of-the-art technologies

ABOUT MMMM

MMMM is, by far, the largest and the most prestigious event on Minerals, Metals, Metallurgy & Materials with presence of a large number of leading companies of Mining, Metals and Materials industries. The event has always received worldwide appreciation from all over the industry and proved to be the best international business platform in India. The event is sponsored by **The Indian Institute of Metals – Delhi Chapter (IIM-DC)** and is being jointly organized by **IIM-DC** and **Hyve India Private Limited** (Formerly known as International Trade and Exhibitions India Pvt Ltd), the Indian subsidiary of **Hyve Group PLC (UK)**.

MMMM 2020- A Sneak Preview

- Support from all relevant Ministries, trade associations of Metal and allied industries
- A high level International conference on **"Resource Efficiency and Circular Economy in Mineral & Metal Sectors in India"**
- Concurrent Global Networking Meet of World Metal Forum(WMF)
- Presence of **400+ Leading Exhibitors from 15+ countries**
- International Participation from China, Austria, Finland, France, Germany, Italy, Russia, Spain, UK & USA.
- International Business Networking Program (IBNP).
- Exclusive Industry Excellence Awards.
- Investor Meet by International Chambers of Commerce.
- Various New Launches by Exhibitors.
- International Trade Delegations from 7+ Countries.

A complete conclave of Policy Makers, CEOs, and Industry experts, Scientists, Academia and Engineers associated with Minerals, Metals, Metallurgical and Allied Industries

Recycling in Metal industry on the rise

Kolkata, Aug 31 (IANS) As the mineral and metal sector contributes 4.5 per cent of the nation's GDP, it should pave the way for speedy growth and advancement of the sector apart from working of assets through modernisation and continuous supply of recycle scrap to help increase the EBITDA (Earnings Before Interest, Tax, Depreciation and Amortization) of many companies. These views were discussed at the three-day 12th edition of Minerals, Metals, Metallurgy and Materials International Exhibition and Conference (MMMM 2018), here from 29 to 31 August and was visited by 12,000 plus B2B visitors. More than 525 exhibitors from 15 different countries have participated in MMMM 2018. Among them were China, Austria, France, Finland, Germany, Italy, Russia, Spain, UK, USA. Besides state-level participants from mineral rich states of Jharkhand, West Bengal, Odisha, Karnataka and Gujarat, Addressing the concluding session of the three day meet here today, Sanjeev Bhatia, Director of the meet said, "Global leaders and captains of Indian Steel Industry discussed the current challenges with Government officials and international visitors during MMMM 2018. It also provided the necessary impetus for industry leaders to deliberate on the emerging technologies and futuristic trend that will pave the way for speedy growth and advancement of the Mineral and metal sector." Underlining the importance of anti-dumping duty and recycling of raw materials of the sector through further modernisation, Bhatia said recycling of one tonne of steel scrap saved 1.2 tonnes of iron.

“Good platform to network with steel industry companies & dignitaries for Eurotherm product portfolio. Thank the team for the great show.”

Anjali Yadu (Marketing Manager, Asia Pacific-Eurotherm, India.)

“Good experience and wonderful platform to display & exhibit. Co-ordination and support from the organisers are excellent and the amenities are up to the mark.”

S Rajalakshmi (ES to MD-Paul Wurth, India)

“Nice Show. We suggest that the show should be organized in Sept last or Oct first Week.”

U.S. Maggu (Director-Vikas Rolls, India)

“The footfall has been better than the earlier MMMM show. Would have been better if 3.5 days are organized instead of 2.5 days. Arrangements from the organisers have always been good.”

Pankaj Vohra (Regional Manager, North India-NORD, India)

“Overall satisfied with the complete setup & organizing of the event. Smooth operation starting from natural delivery to customer interaction. Happy to be representing Jindal Steel and Power at such a platform.”

Saurabh Agarwal (AGM-Product Application Group, JSPL)

“We are happy to be here. Getting good exposure with great footfall. Nicely organized event. We installed a working machine in our booth and faced no problem in the execution. We are all praise for the organizers.”

Jasbir Maggu (Director, Rollcon Engineering)

“Very well organized event. The quality of visitors, as well as exhibitors. Keep up the great job. We will work together next time.”

Rahul Pant (Marketing Communications Specialist, Kluber Lubrication)

It is a very good platform to know about new development done by suppliers, and also to discuss about the development of steel sector.”

Manoj Singh Dhami (Manager Engineering Dept., Nippon Steel)

“Well organized show, consistent footfall from day 2 onwards. Based on leads/enquiry generation, we would continue next year. With regard to the presentation arrangement we would have preferred the slot in the conference hall.”

Hemarrajan S (Senior Sales Engineer, Specialty Rental-Atlas Copco, India)

“Good Show, well organized, staff quite co-operative.”

Vikram Gupta (Deputy Manager-JSW Steel Limited, India)

“Very well organized exhibition. We, as one of the leading exhibitors have seen good amount of interest from various customers/vendors.”

Suresh Gupta (Dy. General Manager, Corporate Affairs-SAIL, India)

“Well organized and easily approachable, also good response from customers, which came from many states of India.”

Rakhul Kumar (FKL, India)

“Well organized show by ITEI. We had an excellent experience with great networking with industry leaders and experts where we could showcase our latest Technology. We hope to come back again.”

Sharat Chojar (Vice president, Marketing-Electrotherm, India)

“Good show and well organized, we also received good response, although this was our first show in northern India. We have an excellent show.”

Rajgopal Gilada (Managing Director-Gita Refractories, India)

“Well organised and satisfied with the facilities provided. Overall good and happy to participate. More business associates are expected to visit & participation from large industry circle is expected.”

Chandrashekhar Khuraswar (Vice President-Apex Knives, India)
