Message from The  
Hon'ble Governor of Kerala

I am happy to know that Hyve India Pvt. Ltd. And IIM-DC are organizing MMMM-2022 from 25th to 27th of August 2022, at Pragati Maidan, New Delhi, and that a Souvenir cum Show Catalogue will be published to mark the occasion.

It is commendable that MMMM which has the presence of leading companies in the Mining, Metals and Machinery Industries, is co-sponsored by the Ministries of Steel, Coal, External Affairs, Niti Aayog, Council of Scientific and Industrial Research (CSIR), Govt. of India and supported by World Metal Forum (WMF).

I convey my hearty greetings to everyone behind this venture and wish the Event as well as the publication all success.

A handwritten signature in blue ink, reading 'Arif Mohammed Khan'.

(Arif Mohammed Khan )

Message from the  
The Hon'ble Chief Minister  
Govt. of Kerala

I am glad to note that MMMM 2022, a Grand Business Carnival is being organized so that new knowledge, cutting edge technologies and latest innovations relating to minerals, metals, metallurgy, and materials can be showcased to the world.

I hope that it will serve as an avenue for various stakeholders to have meaningful interactions in such a way that infrastructure development in the country is benefitted.

A handwritten signature in black ink, likely of Pinarayi Vijayan.

(Pinarayi Vijayan)

Message from the  
President  
Fastener Manufacturers  
Association of India (Regd.),  
Ludhiana

I am happy to know that Hyve India in association with leading trade associations is organizing the HTF and co located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries during 25 – 27 August 2022 in New Delhi.

This exhibition will provide a meeting point for Power Tools, Fasteners certainly be providing opportunities for business networking, new product launches, technology interchange and more. Innovative tools & technologies will accelerate the manufacturing sector and thereby help the growth of the sector.

I am sure that such platform will be helping the Exhibitors & Business visitors to scale up their knowledge and business.

I wish a great success to all participants and organizers of the event.

(Narinder Bhamra)

Message from the  
President  
Federation of Automobile  
Dealers Associations

I am glad to know that Hyve India in association with leading trade associations is organizing the HTF + CWE and co located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries, in the month of August 2022 in New Delhi.

I am sure such type of focused B2B events are helpful to link together and provide a common business platform for manufacturing Industries to showcase the new technologies, machinery, products, and services, as well as knowledge exchange. On the other hand, the buyers will also get the opportunity to experience the new technology & latest trends of the industry in general and especially in Fastener technologies.

Best wishes for a successful event.

(Vinkesh Gulati)

Message from the  
President  
Federation of Indian Export  
Organisations (FIEO)

It is heartening to know that Hyve India and Leading Trade Associations are organizing the HTF + CWE and Co Located Events on Minerals, Machinery, Manufacturing and Allied Industries from August 25-27 at Pragati Maidan, New Delhi.

I hope this event will also provide opportunities for networking, best sourcing, technology and knowledge transfer along with joint ventures in targeted industries.

As the new methodologies are the need of the hour for augmenting the productivity and capacity in the manufacturing sector, I am sure that the exhibitors and trade visitors will be able to draw maximum advantage from this event.

I am sending my best wishes for the success of this event

(Dr. A Sakthivel)

Message from the  
President  
Indian Stainless Steel  
Development  
Association (ISSDA)

I am pleased to know that Hyve India Pvt Ltd along with the active support of World metal forum (WMF) is organizing the MMMM2022, and so located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries during August 25-27, 2022, at Pragati Maidan, New Delhi, India.

Metals and Mining Sector plays an important role in the GDP of our country. Today our country needs to put in concerted efforts to enhance the growth of our GDP. A forum of Conference and Exhibitions of this nature can play a pivotal role to usher in rapid technological advancements in minerals and metals sector.

I am sure that the event will facilitate efforts towards modernization of our minerals, metals, metallurgy and metals sector.

I wish a grand success to the mega event.

  
(KK Pahuja)

Message from the  
Secretary General  
Pellet Manufacturers  
Association of India

I am pleased to know that Hyve India in association with Indian Institute of Metals, Delhi Chapter with the active support of World metal forum (WMF) along with Hyve India Pvt Ltd is organizing the MMMM 2022, and co located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries During August 25 27, 2022, at Pragati Maidan, New Delhi, India.

It is indeed very encouraging to note that Ministries of Steel, Coal, Mines, MoEF, S&T and NITI Aayog are Co-sponsors. With the Blessings of Govt of India, I am sure the event will get the fillip for rapid growth of Industry.

The Minerals and Metal Sector is one of the significant sectors in our National Economy as it has consequences for multiple downstream industries, particularly in manufacturing and infrastructure.

Nature has given us abundant mineral resources. Just to Illustrate, India has nearly 30 billion tonnes of Iron Ore deposits. The Indian Steel Industry has been growing over the years and in years to come more growth is expected. The Government of India has set an ambitious target of 300 million Tonnes of steel production capacity by 2030. With available mineral resources, technology, and manpower, I am confident that the above target would be achieved with the support of stakeholders of the minerals and metals sector. Iron Ore Pellets industry is the 5th largest in the world with a total capacity of 126 Million tones and plants spread in seven states of India. Pellets are a "Value-added green Raw material and help

in sustainable development of mines, as they utilize iron ore fines, which cannot be used directly in Steel Making.

We hope that the deliberations of the conference and participation of stakeholders in the exhibition will provide a forum to facilitate the promotion of joint efforts and ventures for modernizing and enlarging our minerals, metals, metallurgy, and materials industry.

On behalf of all pellet producers, who are members of 'Pellet Manufacturers Association in India \*(PMAI), I extend my best wishes to the Organizers for a successful event.

A handwritten signature in black ink, appearing to read 'D Bhatnagar', with a stylized, cursive script.

(Deepak Bhatnagar)

Message from the  
Hony. Secretary General  
The Indian Institute  
of Welding

I am glad to know that Hyve India, in support with various trade associations, is organizing the HTF + CWE and co located events on mineral, Metal, Machinery, Manufacturing, and allied Industries, during Aug 25-27, 2022 at Pragati Maidan, New Delhi, India.

This exhibition will provide a meeting point for the manufacturers and buyers of Power Tools, Fasteners and Metal Working industry with the opportunities for business networking, new product launches, technology interchange and more. Innovative tools & technologies will accelerate the manufacturing sector and thereby help the growth of the sector.

I am sure that such platform will be helping the exhibitors & Business visitors to scale up their knowledge and business.

I wish a great success to all participants and organizers of the event.

(Rituraj Bos)

Message from the  
Hony. Secretary General  
Chairman  
Chemexil

I am delighted to know that Hyve India and many other trade associations are hosting the 20\* edition of one of the largest exhibitions in India, HTF + CW and co located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries during Aug 25-27, 2022 at Pragati Maidan, New Delhi, India,

Hope that such events will open new horizons for product showcasing and business interactions and address the needs of the manufacturing & metal industries. I am sure that the participants from Delhi attending this event will draw the maximum advantage from this opportunity.

My best wishes to the organisation for a grand show.

(S G Mokashi)

Message from the  
Chairman  
Indian Copper Development  
Centre, Kolkata

I am delighted to note that Hyve India Pvt. Ltd. and The Indian Institute of Metals, Delhi Chapter, with the active support of World Metal Forum (WMF) are organizing Minerals, Metals, Metallurgy and Materials 2022 Expo during August 25-27, 2022, at Pragati Maidan, New Delhi, India.

Metals and Mining Sectors play an important role in the GDP of our country. Today our country needs to put in concerted efforts to enhance the growth of our GDP. Conference and Exhibition of this nature provide the much-needed platform to share technical expertise and learn about the latest developments taking place around the globe.

I am sure this programme will be of great benefit to the participants.

I wish this mega event a grand success.

(Balkrishna Binani)

Message from the  
Chairman  
Steel Re Rolling Mills  
Association of India

I am happy to know that Hyve India Pvt. Ltd. along with IIM-DC, with the active support of World Metal Forum (WMF) is organizing the 13th edition of MMMM, and co located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries during August 25-27, 2022, at Pragati Maidan, New Delhi, India.

Though there have been lots of achievements and developments in the Indian metal industry, challenges never end. The Exhibition & International Conferences of MMMM 2022 at Pragati Maidan will provide a forum and platform for a comprehensive overview of new technological trends, intelligent solutions for future challenges and to form meaningful business partnerships amongst entrepreneurs, CEOs, Consultants, Government officials, Technology & Equipment suppliers & Engineers & professionals etc.

I wish the 13th edition of MMMM a huge success, and convey my thanks to the organisers for their initiative.

(Saharsh Damani)

Message from The  
Director  
Hyve India

It is a pleasure to welcome you at MMMM 2022. Hyve India has a vision to create a portfolio of events on Mineral, Metal, Machinery, Manufacturing, and allied industries and has been promoting and developing these events through our global network. In last few years MMMM event has received unprecedented recognition and acceptance in the global Metal Industry. "The Indian steel sector has been vibrant and has been growing at a CAGR of about 5% to 6%. Steel industry can play an integral role in steering India towards a US\$5 trillion economy by 2025.

MMMM will have the largest gathering of trade visitors from various industry segments and create a business conclave of CEOs, plant managers, material managers, maintenance managers, factory managers, quality heads, production managers, industry experts and distributors associated with design, manufacturing, engineering, fabricating and allied industries.

I strongly feel that with an event of such a stature, all stakeholders will be able to take maximum advantage of the opportunities available over the 3 day show period.

On behalf of Hyve India, I take this opportunity to thank all the exhibitors, speakers, delegates, sponsors, partner associations, and visitors for their support in making this a grand event.

A handwritten signature in blue ink, appearing to read "Gaurav Sood", with a horizontal line underneath it.

Message from The  
Portfolio Director  
Hyve India

I am glad to be part of this Grand Business Carnival of 5 co located events on Mineral, Metal, Machinery, Manufacturing, and allied Industries at Pragati Maidan, New Delhi, India.

Metals - Infinitely recyclable, are used in all sorts of objects and products, from cosmetics to batteries. Aluminum helped make modern day commercial aviation possible. Stainless steel appliances would not be around if not for nickel and chromium. Electrical power can travel long distances thanks to copper cables.

We would like to express our gratitude to all Supporting Ministries, Trade Associations, Media, Partners, Exhibitors, Visitors from world over, who made this is a complete event of the industry, for the industry and by the industry.

My best wishes for a fruitful participation to all.

(Gagan Sahni)

# EVENT AT A GLANCE

## A Grand Business Carnival of 5 events on Mineral, Metal, Machinery, Manufacturing, and allied Industries

- **MMMM** – for Mineral, Metal, Metallurgy & Materials
- **HTF** - for Advanced Hand Tools, Power Tools and Fasteners
- **CWE** - for Advanced Cutting and Welding Equipment & Technology including Laser Technology
- **IMEX** - for Latest Machine Tools (CNC, Laser, Shot Blasting, Measuring & Testing Equipment and more.....)
- **UMEX** – for Economical Pre-owned machinery in the industry
- **TECHINDIA** - for Engineering and Manufacturing (Pumps, Valves, Compressors and more.....)

**Exhibition Venue:** Pragati Maidan, New Delhi, India

**Exhibition Dates:** August 25-27, 2022 (Thursday to Saturday)

### Visitor Entry Timings:

- 25- 26, August 2022 - 10:00Hrs to 18:00 Hrs
- 27, May 2022- 10:00 Hrs to 16:00 pm

### Main Entry

- Gate # 4 Bhairon Marg, Pragati Maidan, New Delhi, India

### Shuttle Service

- Gate No # 10 (behind Supreme Court Metro Station) at Pragati Maidan, New Delhi

### Registration Counter

- Foyer Halls 3, 4 & 5- For collection of Visitor Information Guide and Entry Passes

# EVENT AT A GLANCE

## A Sneak Preview

- A high-level international conference on “**Resource Efficiency and Circular Economy in Mineral & Metal Sectors in India**” by Indian Institute of Metals-Delhi Chapter
- **25 +** Invited National & International Trade Delegations from 5 + Countries.
- Exclusive Industry Excellence Awards
- Various New Launches by exhibitors.
- Exclusive branding and display area inside the exhibition halls
- Support from major trade associations and World Metal Forum
- 300 + Leading exhibitors from **6 countries** including China, Germany, India, Sweden, Taiwan, UK
- Trade visitors from across the globe.

## MMMM

MMMM is, by far, the largest and the most prestigious event on Minerals, Metals, Metallurgy & Materials with presence of a large number of leading companies of Mining, Metals and Materials industries. The event has always received world-wide appreciation from all over the industry and proved to be the best international business platform in India. The event is being jointly organized by IIM-DC and Hyve India Pvt. Ltd., the Indian subsidiary of Hyve Group PLC (UK).

MMMM 2022 is Co-sponsored by the Ministries of Steel, Coal, External Affairs, Niti Ayog, Council of Scientific & Industrial Research (CSIR), Government of India and supported by World Metal Forum (WMF).

## HTF EXPO

Hand Tools & Fastener Expo (HTF) series of international events play a major role in showcasing the strength of the Indian & international Hand Tools, Power Tools, Industrial Tools & Fasteners Industry by attracting global industry

HTF has always received worldwide appreciation. The key objective of this business platform to help the Indian manufacturing industry and fabricators for technology & knowledge transfer, identifying alternate suppliers of industrial tools & spares, new source of investments, face to face interaction with industry players, identifying new market opportunities etc.

## EVENT AT A GLANCE

### CWE-IMEX

A well-known international exhibition focusing on machine tools, welding & cutting technology, metallurgy, materials testing, nondestructive testing, robotics, automation and allied industries. The steady growth of the event is a reflection of the increasing capabilities as well as the potential of Indian manufacturing industry

UMEX segment provides a unique opportunity to Buy or Sell any industrial machinery for various industries like, metal working, metal forming, fabricating, construction, paper, textiles

The said Grand Business Carnival designed to cater large gathering of trade visitors from various industry segments and create a business conclave of CEOs, plant managers, material manager, maintenance managers, factory managers, quality heads, production managers, industry experts and distributors associated with design, manufacturing, engineering, fabricating and allied industries.

### HYVE INDIA

Hyve India Pvt Ltd is a part of Hyve Group PLC, UK.

We are Hyve - We create unmissable events, where people from all corners of the globe connect, learn & inspire, sharing extraordinary moments, advancing businesses and helping to shape industries. Our vision is to create the world's leading portfolio of content-driven, must-attend events delivering an outstanding experience and return on investment for our customers. This vision sits at the heart of everything we do and informs every decision we make.

We work across various industry sectors including, Engineering, Metal, Machinery, Paper, Packaging, Pro Sound & Light Roofing, Tools, Tissue and more across India & beyond

### World Metal Forum

World Metal Forum - is an initiative to create a common platform for Metal, Machinery, Manufacturing and all allied industries for Technology & Knowledge Transfer and Exploring New Business Alliances across boundaries. This forum will also provide unique opportunity to learn from the success stories of achievers and witness innovative technologies in Metal and all allied industries

# CONFERENCE PROGRAM

**DAY- 1- Thursday, 25th August 2022**

## **Conference Hall at Hall # 5**

### **Inaugural Session**

- Registration: 9.00 am to 10.00 am
- Inaugural Session: 10:00am to 11.30 am
- Chief Guest: Shri Jyotiraditya M. Scindia, Hon'ble Min. of Civil Aviation & Steel
- Guest of Honour : Ms. Ruchika Chaudhry Govil, Addl. Secretary, Min, of Steel, Shri Sajjan Jindal, CMD, JSW Steel, Shri TV Narendran, CEO & MD Tata Steel, Ms. Soma Mondal, Dr. SV Kamat
- Inaugural Address by the Chief Guest : Shri Jyotiraditya M. Scindia  
Hon'ble Min. of Civil Aviation & Steel

### **Conference on**

**"Resource Efficiency And Circular Economy In Mineral & Metal Sectors" managed by IIM**

**12:00 PM to 13:15 PM**

**Panel Discussion**

**13:15 PM to 14:15 PM**

**Lunch**

**14:15 AM to 16:00 PM**

**Technical Session I**

**Theme:** Decarbonisation and Green Metal Production

Session Chairman: Dr. Sanak Mishra, Former President, IANE

### **Challenges in deep decarbonisation of steel Industry**

- Dr. Debashish Bhattacharjee, Tata Steel

### **Decarbonizing the steel sector in India; An analytical perspective on the role of circular economy**

- Dr. Shilpi Kapur, E M Centre

### **Decarbonizing the steel sector: Technologies and Pathways**

- Dr. Joachim Von Scheele, Linde Technology

### **Danieli's way forward towards low carbon future**

- Shri Manoranjan Ram, Danieli India Ltd.

### **SAIL on a greener path through circular economy**

- Shri SK Das, EMD, SAIL

**13:15 PM to 14:15 PM**

**Tea / Coffee**

# CONFERENCE PROGRAM

16:15 PM to 18:15 PM

Technical Session II

**Theme:** Resource Efficiency and Circular Economy In Metal Sector

**Session Chairman:** Shri SS Mohanty, CEO & MD, Essar Minmet

**Resource efficiency and circular economy of mineral and metal sectors**

- Shri Sauvick Mazumdar, Vedanta Ltd.

**HPPI for circularity and wealth creation from wastes**

- Shri PK Tripathy, Tata Steel

**Resource Efficiency through by-product recycling and waste material utilization in the development of metal production/recycling technologies – DMRL initiatives**

- Dr. Ch. RVS Nagesh, DMRL

**Enhancing resource efficiency of metal scrap recycling sector in India**

- Commodore Sujeet Samaddar MRAI

**Acid leaching of cobalt and lithium from Li-ion batteries in presence of copper reductant**

- Dr. Chenna Rao Borra, IIT, Kharagpur

**Improving resource efficiency in steel Industry through world class manufacturing -The Toyota way**

- Shri AN Singh, Lean Solutions

**Resource Efficiency in mining and metal sector**

- Shri Sanjay Dutta, MECON Limited

**Arbonisation of steel Industry**

- Dr. Debashish Bhattacharjee, Tata Steel

**Decarbonizing the steel sector in India; An analytical perspective on the role of circular economy**

- Dr. Shilpi Kapur, E M Centre

**Decarbonizing the steel sector: Technologies and Pathways**

- Dr. Joachim Von Scheele, Linde Technology

**Danieli's way forward towards low carbon future**

- Shri Manoranjan Ram, Danieli India Ltd.

**SAIL on a greener path through circular economy**

Shri SK Das, EMD, SAIL

# CONFERENCE PROGRAM

**DAY- 2- Friday, 26th August 2022**

**10:00 AM to 11:30 AM**

**Technical Session III**

**Theme:** Manufacturers & Exhibitor's Presentation

**Session Chairman:** Mr. Ulrich Greiner Pachter, CEO, Region India & Asia Pacific, SMS Group

**Decarbonization in blast furnace iron making**

- Bart de Graff, Danieli Corus

**Pathways for decarbonization of the steelmaking industry**

- Shri Praveen Chaturvedi, TENOVA

**Trends in non-ferrous metal production industry – the future of metals is circular, digital and carbon neutral**

- Mr. Johannes Lukas Joubert, SMS India Pvt. Ltd.

**Energy efficiency through lubricants which can contribute in environment conservation**

- Shri Arighna Banerjee, Exxonmobil Lubricants Pvt. Ltd.

**Role of repair, refurbishment and life extension services in circular economy**

- Ms Surbhi Sood, Industrial Processors & Metallizers Pvt. Ltd.

**Critical minerals – exploring potential between India and Western Australia**

- Shri Bhanu Rahoni, Govt. of Western Australia (WATO)

**11:30 AM to 11:45 AM**

**Tea / Coffee**

**11:45 AM to 13:30 PM**

**Technical Session IV**

**Theme:** Utilization of Lean Grade Ores

**Session Chairman:** Dr. S. Basu, Director CSIR-IMMT

**Challenges in utilization of lean grade iron ores for sustainable iron making**

- Dr. Rameshwar Sah, JSW Steel Ltd., Vijaynagar

**Production of pellet grade concentrate from sub-grade iron ore using enhanced gravity separation**

- Dr. GV Rao, NMDC Limited

**Recovery of values from low and lean grade iron ore resources**

- Dr. AK Sahu, CSIR-IMMT

**Utilization of iron ore bearing co-products through sinter and pellets**

- Shri M Singhai, JSW Steel Ltd., Dolvi

**Characterization and pelletization studies of chromite overburden for smelting in submerged arc furnace**

- Shri SK Tripathy, Tata Steel

**Utilization of lean grade iron ore fines in beneficiation process at JSW Steel Ltd.**

- Shri SS Yadav, JSW, Vijaynagar

**Requirements and challenges of high pellet charging in blast furnace**

- Shri Manda Rajnanda Kumar, MECON Limited

# CONFERENCE PROGRAM

13:30 PM to 14:15 PM

Lunch

14:15 PM to 16:15 PM

Technical Session V

**Theme:** Utilization of Slag and Co-Products

**Session Chairman:** Dr. SK Jha, CMD, MIDHANI

**Value addition of LD slag: a by-product of steel industry- An opportunity for agriculture**

- Dr. Bhupinder Singh, ICAR-IARI

**Steel slag road: a sustainable green utilization of steel slag in road construction**

- Shri Satish Pandey, CRR

**Valorization of iron and steel slag for value - added products in cement and construction applications**

- Dr Rama Murthy, Tata Steel

**Development of cement free concrete using slags produced in iron and steel plants**

- Shri Gautam Banerjee, AM/NS

**Utilization of LD slag in developing new composite/ blended cementitious binder**

- Dr. SK Singh, CSIR-CBRI

**Comparative study on low coast Ca/Mg/Al/ Fe layered double hydroxide (LDH) derived from EAF slag with standard TiO<sub>2</sub> for waste water remediation**

- Dr. SK Singh, CSIR-CBRI

**Slag sand: A sustainable way to reuse slag**

- Dr Satish Kumar, JSW Steel Ltd., Vijaynagar

16:15 PM to 16:30 PM

Tea / Coffee

16:30 PM to 18:00 PM

Technical Session VI

**Theme:** Energy and Environment

- Dr. Mukesh Kumar, Director, SRTMI

**Integrated sustainability assessment of steel manufacturing in India: a comparative LCA**

- Shri Souvik Bhattacharjya, TERI

**Technological interventions towards reduction in energy consumption and GHG Emission in SAIL plants**

- Shri Partha Banerjee, RDCIS, SAIL

**Present practices and future plans to minimize GHG emission at AMNS**

- Shri V Pokharna, AMNS

**Circular economy solutions: refractories recycling**

- Shri Jaydeep Bagchi, RHI Magnesite

# CONFERENCE PROGRAM

**DAY- 3- Saturday, 27th August 2022**

**10:00 AM to 11:45 AM**

**Technical Session VII**

**Theme:** New Technology

- Ms. Neha Verma, Director, Ministry of Steel, Govt. of India

**A new solution for metal recovery with special plasma arc furnace technology with least emissions and high efficiency**

- Shri Raghuram Rao, Proman Infrastructure/Maser Cata

**Lanza Tech: Recycling carbon, creating value**

- Ms. Preeti Jain, Lanza Tech Pvt. Ltd.

**Latest developments in wet and dry gas cleaning**

- Mr. Bart de Graff, Danieli Corus

**Advanced iron ore beneficiation of low grade resources through DMS technology**

- Shri Sunil Yadav, Exagogi

**Beneficiation of lean grade iron ore and tailings – A waste to wealth management initiative at Dalli mechanized mine at BSP, SAIL**

- Shri S Manoj Kumar, BSP, SAIL

**12:00 PM to 13:30 PM**

**VALEDICTORY SESSION**

**Chief Guest : Hon'ble Minister of State for Steel and Rural Development**

**13:30 PM**

**Lunch**

Tel: 044 4211 8931

Email: info@asons.in

Web: www.asons.in

**Chief Executive :** Mr. Huzefa Ababs

**Contact Person :** Balakrishnan A

### Area of Specialization

Fasteners

### Organisation Profile

We, Asons Enterprise – Chennai, are India's largest and leading importer of self-drilling fasteners.

Being in the Indian market for 2 decades, we have understood the needs and wants of the market, in terms of various applications and related fasteners for it.

Zinc fasteners in the Indian market are considered low quality products, BUT that's not how we at Asons Enterprise perceive it. We have always been out of the box thinkers and have always wanted to serve the Indian market with the best in quality.

Therefore, with a lot of R&D we have introduced our own brand "Real Fasteners" and under it we have a wide range of products to suit your needs.

Real Fasteners is easily available at your doorstep through our strong and well spread distribution network, backed up with excellent after sales service.

Xtra Power  
has been at the  
forefront of delivering  
top-tier tools that vaunt  
of high quality and standards.  
Our products are duly tested for  
reliability, durability, and performance, enabling us to  
offer the best shopping experience to clients, including  
leading businesses and factories.

### Area of Specialization

Hand Tools

### Organisation Profile

Baum is a family-owned company. We are  
committed to integrity and to being respect-  
ful and  
consistent in our relationships with people  
who, with profound respect for the hand tools  
industry  
and with great passion for doing a good job,  
are contributing to make BAUM the leading  
hand tools  
company. Derived from that philosophy is our  
"Everyone Wins" model - that assures WIN WIN  
situation for all involved i.e. clients, collabora-  
tors, suppliers and the company itself.

Since 1974, BAUM has been proudly offering  
quality and innovative hand tool solutions. For  
over  
47 years, we have built a legacy by producing  
some of the most well known hand tools and  
storage  
products in the world, all to help you build a  
legacy of your own. We are committed to  
bringing you  
durable and quality tools that are inventive &  
distinct.

Lubricants, Greases & Specialty Oils

### Organisation Profile

MAK Lubricants – from Bharat Petroleum (BPCL) – reign eminently as a trusted brand in lubricants and greases in India and international markets. The comprehensive range offers an extensive selection of 400+ grades spanning various segments – to cater to varied and constantly evolving requirements of the automotive segment as well as the industrial domain.

The philosophy that drives MAK Lubricants is the cognizance that our customers are not just consumers but indeed our partners in progress – in our onward quest for better products, longer service life of equipment and greater environment-friendliness.

Ever since its earliest pioneering superior quality 'Group II+ base oils' (MAK Base) to the next-generation MAK lubricants for BS-VI vehicles, Bharat Petroleum has been a vigorous innovator of technically advanced lubricants that deliver top-notch performance even under extreme ambient and operating conditions. With a laser-sharp focus on incessant innovation and customer-centricity, MAK Lubricants has been bestowed with numerous accolades, including the prestigious 'Superbrand' and "India's most trusted Brand" status.

### Area of Specialization

Minerals and Materials

### Organisation Profile

CSIR-Institute of Minerals and Materials Technology (IMMT) was established on 13.04.1964 as Regional Research Laboratory, Bhubaneswar in the eastern part of India under the aegis of the Council of Scientific and Industrial Research (CSIR), New Delhi. It was renamed in 2007 with a renewed research focus and growth strategy to be a leader in the areas of mineral & material resource engineering. The institute has expertise in conducting basic research and technology oriented programs in a wide range of subjects to address the R&D problems of mining, mineral and metals industries and ensure their sustainable development. For the last one decade, the main thrust of R&D at CSIR-IMMT has been to empower Indian industries to meet the challenges of globalization by providing advanced and zero waste process know-how and consultancy services for commercial exploitation of natural resources through the public-private-partnership (PPP) approach. Today, CSIR-IMMT is the first choice for many mineral based industries. It is also carving out a niche in processing of advanced materials for greater value addition and working on resource use efficiency of critical raw materials.

### Area of Specialization

Steel Degassing

### Organisation Profile

Edwards U.K. based manufacturer of dry mechanical vacuum pumping systems for steel Industries secondary metallurgy operations (VD /VOD Vacuum degassing / vacuum Oxygen decarburizing).

The use of these environment friendly & energy efficient products in place of the more traditional ejector based technologies enable our customers to:

- o Substantially reduce operating & maintenance costs.
- o Eliminate your dependence on Steam as a utility.
- o Safe operation by eliminating high temperature & high pressure steam/boiler.
- o Provide "vacuum on Demand" at the degasser station.
- o Fully integrate your degassing operation into your DCS.
- o Green/environment friendly technology for future.
- o Reduce the carbon profile of your processing operations.

Equipment Manufacturer for Steel Plants, Foundries, Induction Heating and Hardening equipment for Heat Treatment

#### Organisation Profile

Electrotherm is an ISO 9001 certified, public limited business conglomerate with interest in Engineering, Steel, Ductile Iron Pipe, Electric Vehicle, Renewable Energy, Transformer, Transmission Line Tower, Education, etc. It is the first company in India to make battery operated two-wheelers in line with company's commitment towards environment. 'No Engine No Pollution' is the philosophy behind it, and in order to promote green energy initiative of the nation, it established Renewable Energy division as well. Engineering and Technology division of Electrotherm is engaged in manufacturing and supply of following equipment and services globally.

- Induction Melting Furnaces for steel plants for steel, alloy steel and stainless steel making
- Induction Melting / Holding Furnaces for ferrous and non-ferrous foundries
- Electric Arc Furnaces
- Electrotherm Refining Furnaces (LRF)
- Metal Refining Konverters (AOD)
- High Speed Continuous Casting Machines
- Coal based Rotary Kiln (Sponge Iron) Plant
- Turnkey Projects for steelmaking
- Turnkey Projects for Integrated Plant through DRI – SMS route
- Steel Rolling Mill
- Air Pollution Control System
- Material handling equipment like Hydraulic Grabs, Vibratory feeder, Lining Vibrator etc..
- Plant Design and Engineering
- Plant Automation
- Induction Heating & Hardening Equipment
- Productivity Improvement Equipment (PIE) for improving plant productivity, end product's quality and plant efficiency.

**Chief Executive :** Rahul Sood

**Contact Person:** Rahul Sood,  
Surbhi S. Makked

### Area of Specialization

IPM is Asia's leading engineering company in the field of surface modification of critical mechanical components to protect against corrosion, erosion, wear and abrasion. IPM provides special surface coatings and claddings suited for each specific application. IPM also specializes in the repair of worn-out mechanical components and manufacture of new components with advanced surface coatings.

### Organisation Profile

IPM has been successfully satisfying upcoming market demands for surface enhancement of mechanical components through Advanced Material Deposition Processes (AMDTM) including laser cladding, laser treatment and thermal spray processes (HP-HVOF, HVOF, HVAf, HVAF, APS, & Flame Spray). IPM can handle large-size components up to 60 tons, 12 meters in length and 8 meters in diameter. IPM has been serving various industries including Hydro Power, Thermal Power, Printing, Packaging, Automotive, Paper, Oil & Gas, Cement, Sugar, Mining, and Steel since 1972.

**Chief Executive :** Mr. Santosh Mahanti

**Contact Person:** Mr. Angan Chatterjee

### Organisation Profile

ISR Infomedia Pvt. Ltd. is a leading publisher of industrial magazines with its far-travelled global reach. The company was commenced in 1994 in Kolkata, India. ISR, since then, has never looked back and today, the company has successfully carved out an exclusive position for itself in the global industrial magazine publishing sector. ISR's two monthly publications are 'Iron & Steel Review' and 'Metal Asia', while 'Steel Metals & Minerals International' is the company's annual one. 'Iron & Steel Review' focuses everything on and related to iron and steel whereas, 'Metal Asia' highlights mainly on the non-ferrous metals sector.

ISR has a well-knitted clientele network including top-notch national players like SAIL, Tata, NMDC, Jindal Group, NALCO, HINDALCO, MECON, HCL, Vedanta group, L&T, etc. and key international giants like Danieli, SMS group, Primetals, ABB, Tenova, Frost & Sullivan and many others. Apart from being news and knowledge hubs for steel producers, researchers, and strategy hunters, ISR's magazines provide valuable information and market coverage on the global metals and mining sectors, latest products launch and technologies to even the equipment manufacturers and technology providers dealing with steel and metals industry.

### Area of Specialization

Publication Of Monthly Magazine On Steel  
Industry

### Organisation Profile

Steel & Metallurgy is an authentic monthly publication launched in the year 1998 with the sole objective of catering to the interests of the Steel & Metallurgical industry, both locally and globally. The significant areas covered by the magazine include integrated and secondary producers, continuous casting and rolling mills, re-rolling sector, casting and forging sector, refractory, sponge-iron, pig-iron and scrap. Mining sector including iron-ore, coke and essential raw materials, plant and machinery manufacturers, equipment and consumable suppliers, turn-key and project consultants find a special place in this publication. Coverage also extends to traders and users including all those connected with this industry either directly or indirectly. The major consumers like automotive, white goods and construction sector are given a special coverage.

## SHRI BALAJI CERAMIC PRODUCTS AND SHRI BALAJI IMPEX

### Address

E-339, Riico Industrial Area, Bhiwadi 301019  
And 405, Alankar Plaza, Jaipur 302023

Tel: 01493 220286

Fax: +91 01493 220286

Email: info@balajiceramics.com

Web: www.balajiceramics.com

**Chief Executive :** Mr Sanjay Singla

**Contact Person:** Mr. Shaurya Roy

### Area of Specialization

Refractories And Fluxes For Furnace, Ladles,  
And Ccm

### Organisation Profile

Shri Balaji Group has been a technology leader in the manufacturing of refractories since 1997. We are the **WORLD'S LARGEST MANUFACTURER** of TUNDISH BOARDS and SILICA RAMMING MASS.

Silica Ramming Mass, Tundish Liner Boards, Mould Casting Powders, Nozzle Well Fillers, Synthetic Fluxes, Lancing Pipe, Foundry Products

The management comprises senior industry professionals with deep experience in the metallurgical, manufacturing, and mining sectors. Our service team includes engineers and industry veterans with hands-on experience in steel melt shop aspects. We diligently work with our customers towards creating cost-effective solutions for the best quality steel.

Supplies in over 35 countries - South Asia, Middle East, Africa, and Europe.

### Chief Executive :

**Contact Person:** Mahendra Bhole

### Area of Specialization

METAL, CHEMICALS, POLYMERS, PAPERS

### Organisation Profile

SPAN Overseas Pvt. Ltd. Markets metallurgical products (Chrome metal (in slugs and powder), Chrome metal electrolytic (in flakes), Chrome metal electrolytic degassed (in flakes and briquettes), low-carbon Ferrochrome (in slugs) and different Chromium compounds (Chrome oxide green pigment, Black pigment, Sodium dichromate, Potassium dichromate, Chromium anhydride) to the local market and all over the world.

- Metallurgical industry for alloying special steel and fusion.
- Heat-resistant alloys for aviation and space industry.
- Corrosion-resisting alloys in chemical and atomic engineering.
- Smelting of steel with special properties.
- Production of unstainable metals, Cast iron alloying.
- Electroplating.
- Production of electrolytic, chrome, catalyzers.

Span Overseas also markets Chemicals, Paper, Polymers in India as well as Exports out of India.

Motorized Pulleys are compact, hermetically sealed, highly efficient belt conveyor drive unit that would be unaffected by dust, water, oil, grease, or other harmful substances and quick & easy to install. Motorized Pulley is the ideal drive unit for belt conveyors. Rulmeca motorized pulley standard range is available up to 250 kW motor capacity.

### **“FIT IT AND FORGET IT”**

#### **Features & Benefits:**

- Totally enclosed & efficient
- Space saving design
- Low maintenance cost
- Energy savings
- Thermal protection
- Low Noise
- Safer than exposed drives.
- Suitable with variable frequency converter
