Message from the
Minister of Heavy Industrial
and Steel
Government Of India

It gives me a great pleasure to learn that The Indian Institute of Metals - Delhi Chapter, is organizing MMMM 2024 Conference and Exhibition during 27-29 September 2024 at Delhi.

Revolutionary changes have been brought in mineral and metal domain in the last few years. Indian steel industry is brilliant example of transformation and turnaround with the joint efforts of government and industry, as it has come a long way by becoming 2nd largest steel producer in the world.

The global requirement of minerals and metals is growing. There is a great concern about future availability of these valuable resources. The theme of the International Conference, viz. Process and Product Innovations in Metal Production is very topical and relevant in this context. I hope deliberations will be held on what innovations are being done in metallurgical and allied sectors to make metal production as resource efficient as possible, and ensuring a rapid and global deployment of breakthrough technologies that can make metal production considerably greener and sustainable than what is at present.

I wish the Conference and Exhibition all success.

(H D Kumarswamy)

Message from the
Secretary, Ministry of Steel
Government Of India

I am very happy to note that the Delhi Chapter of The Indian Institute of Metals (IIM) is organizing an International Conference on Process & Product Innovations in Metal Production, along with an International Technical Exhibition on Minerals, Metals, Metallurgy and Materials (MMMM 2024) at Yashobhoomi (IICC), Dwarka, New Delhi during 27-29 September, 2024.

Mineral and metal sectors are important in national economy as they determine the efficiency and growth of multiple downstream manufacturing industries and infrastructure. Indian metal sector has been growing over the years and more growth is expected in coming years. Besides adding new capacity, the industry has also been continuously updating and upgrading older plants to higher efficiency levels.

Innovation in metal production, processing and metallurgy is a key element to compete in today's global market. The continuous diffusion of process and product innovations has been crucial for maintaining healthy growth. Government is committed to supporting and nurturing innovative talent, providing them with the necessary tools, resources, and platforms to showcase their innovations.

Government of India has set an ambitious target of installing 300 million tonnes of crude steel making capacity by 2030 and simultaneously reducing greenhouse gas generation by half by 2030. I am confident that deliberations in MMMM 2024 shall help to meet these targets.

I wish the event a grand success.

(Sandeep Poundrik)

Message from the
Chief Executive, NFC & Vice
President (Non-Ferrous), IIM,
Department of Atomic
Energy

It gives me immense pleasure to learn that the IIM Delhi Chapter is organizing International Conference and Exhibition on Minerals, Metals, Metallurgy & Materials (MMMM-2024) with the Theme Process & Product Innovations in Metal Production. MMMM has established itself as a prestigious international event and is awaited excitedly by mining and metallurgical community in the Country.

Though there are lot of achievements and developments in Indian Mineral and Metal Domain, challenges never end. Industry has to find new economic solutions for reducing GHG emission and continuously make innovative efforts to adopt more resource efficient concepts, technologies and systems.

I hope the Conference will provide a comprehensive overview of technological trends and intelligent solutions for the emerging challenges and help to form meaningful business partnership among technology suppliers, equipment manufacturers, design and consultancy organizations and mineral and metal producers for green and efficient technology development and adoption.

I wish the Conference a huge success and congratulate the IIM Delhi Chapter for organizing this important event.

(Komal Kapoor)

Message from the
President - IIM,
Chairman - JSW Group, The
Indian Institute of Metals

I am glad to know that the JIM Delhi Chapter is organizing MMMM 2024, the International Conference and Exhibition, with the theme Process & Product Innovations in Metal Production during 27-29 September 2024 at Yashobhoomi, Dwarka, New Delhi.

Producing metals and alloys using innovative processes which use less energy and emit significantly less carbon dioxide at reduced cost is an aspiration of the manufacturing sector. I hope that MMMM 2024 will facilitate adopting innovative technology with low GHG emission and high resource efficiency. I also hope that during MMMM 2024, brightest minds in metal sector will converge, connect, and collaborate, sparking ideas that will reshape the metal production in coming years.

I wish MMMM 2024 a grand success.

(Sajjan Jindal)

Message from the
Director
Indian Institute of
Technology Hyderabad

I am delighted to know that IIM Delhi Chapter is organizing MMMM 2024, the International Conference and Exhibition, with the theme Process & Product Innovations in Metal Production during 27-27 September 2024 at Yashobhoomi (IICC), Dwaraka. New Delhi.

In metal Production top priority is being sustainable. Metallurgy for each metal is different. There is no one-size-fits-all approach, but there is a large opportunity to generate more value by moving from incremental improvements to an overall transformation shift. One of the main drivers towards that shift is certainly through collaborations and partnerships between different technological disciplines, and also between industry, R&D labs, academia and plant and equipment designers. It is also beneficial to share knowledge across the industries to integrate new technical developments into operations and generate higher value. IIT Hyderabad will be glad to collaborate with the industries visiting MMMM 2024 towards Viksit Bharat.

I wish a grand success in this endeavour

(Prof. B.S. Murty)

Message from the
President
Fastener Manufacturers
Association of India (Regd.)

I am happy to know that Hyve India in support with World Metal Forum (WMF) is HTF & CWE 2024, India's Largest Exhibitions on Hand Tools, Power Tools, Hardware, Fasteners, Cutting, Welding & Laser Technology, scheduled during 27-29 September 2024, at Yashobhoomi, Dwarka, New Delhi.

I hope that such events will open new horizons for product showcasing and business interactions and address the needs of the Fastener, Tools & manufacturing industries.

I am sure that the participants attending this event will draw the maximum advantage from this opportunity.

On behalf of the Fastener Manufacturers Association of India, I extend my best wishes for the success of the event

(Narinder Bhamra)

Message from the
Technical Advisor
Agricultural Machinery
Manufacturers Association
(AMMA- India)

I am happy to know that Hyve India in support with World Metal Forum (WMF) is organizing HTF & CWE 2024, India's Largest Exhibitions on Hand Tools, Power Tools, Hardware, Fasteners, Cutting, Welding & Laser Technology, scheduled during 27-29 September 2024, at Yashobhoomi, Dwarka, New Delhi.

I hope that such events will open new horizons for product showcasing and business interactions and address the needs of the Fastener, Tools & manufacturing industries and users.

I am sure that the participants attending this event will draw the maximum advantage from this opportunity.

On behalf of Agricultural Machinery Manufacturers Association (AMMA-India), I extend my best wishes for the success of the event.

(Dr. Surendra Singh)

Message from the
President
Indian Sugar & Bio-energy
Manufacturers Association

It is with great enthusiasm that we extend our warmest wishes for the success of the Grand Business Carnival of Metal, Machinery, Manufacturing, and Maintenance Industries. This prestigious event not only highlights the innovation, expertise, and collaboration that drive industries forward but also serves as a testament to the dedication and passion of all those involved. May this carnival be a fruitful opportunity for forging new partnerships, showcasing groundbreaking technologies, and fostering growth. Here's to a future of continued success and progress for all participants.

(Prabhakar Rao)

Message from The
Secretary General
The Indian Institute of Welding

It gives me immense pleasure to know that Hyve India in support with World Metal Forum (WMF) is organizing HTF - CWE 2024, India's Largest Exhibition on Hand tools, Power tools, Hardware, Fasteners, Cutting, Welding and Laser Technology, scheduled during 27-29 September 2024, at Yashobhoomi, Dwarka, New Delhi.

I hope that such event will open new horizon for product showcasing and business interactions, addressing the needs of the Fastener, Tools, Manufacturing and Welding industries, also will create the right business climate for the growth across every level and prove to be a business platform to link metal units in the industry.

The Indian Institute of Welding (IIW-India), a Premier Professional Institute in India for the advancement of Welding Science and Technology, is continuously supporting significant exhibitions like these where Indian industries will be benefitted, as we believe that there is contribution of a little bit of welding in our everyday life.

I am sure that the participants attending this event will draw the maximum advantage from this opportunity along with knowledge enhancement of advanced technologies.

On behalf of IIW-India, I extend my best wishes to all the participants, delegates, and organizers for the success of this event.

(Rituraj Bose)

Message from The
Secretary General
Federation of Indian
Mineral Industries

I am glad to know that Hyve India in association with IIM-DC and active support of various Ministries and World Metal Forum (WMF) is organizing MMMM 2024, 14th International Exhibition, Conference, Open Seminar and Business Meets on Minerals, Metals, Metallurgy & Materials during September 27-29, 2024, at Yashobhoomi, Dwarka, New Delhi.

It seems to be a nice concept of organizing such collocated events as a Business Carnival for Metal, Machinery, Manufacturing & Maintenance Industries. These sectors have emerged as a diversified and specialized industry that produces numerous types of instruments that comes in various use.

I am so happy to note that this Souvenir cum Show Catalogue will be brought out during the event containing articles on the industry, and profiles of the participants.

I hope this leading Trade Event will provide an ideal business networking platform for the industry professionals and all will go a long way to serve the need of the Indian Metals, Machinery and allied industries.

I am sure that exhibitors and trade visitors to this event will draw the maximum advantage from this opportunity.

I wish grand success to MMMM 2024.

(R K Sharma)

Message from The
President
The Aeronautical Society
of India (AeSI)

I am glad to know that Hyve India in association with IIM-DC and active support of multiple Ministries and World Metal Forum (WMF) is organizing MMMM 2024, 14th International Exhibition, Conference, Open Seminar and Business Meets on Minerals, Metals, Metallurgy & Materials during September 27-29, 2024, at Yashobhoomi, Dwarka, New Delhi.

It is a good concept to organize such collocated events as a Business Carnival for Metal, Machinery, Manufacturing & Maintenance Industries. These sectors have emerged as diversified and specialized industry that produces numerous types of equipment's, instruments etc that comes in various utilities. Such collaborative mechanisms play a great role in making the country Atmanirbhar.

It is a matter of great pride that the Souvenir cum Show Catalogue will be brought out during the event containing articles on the industry, capabilities and profiles of the participants.

I hope this leading Trade Event will provide an ideal business networking platform for the industry professionals and will go a long way to serve the need of the Indian Metals, Mahinery and allied industries.

I am sure that exhibitors and trade visitors to the event will draw the maximum advantage from the opportunity.

I wish great success to all Exhibitors, Delegates and Organizers Date: 19th September 2024

(G. Satheesh Reddy)

Message from The
President
The Aeronautical Society
of India (AeSI)

I am pleased to learn that the Delhi Chapter of The Indian Institute of Metals is organizing an International Conference and Exhibition on Minerals, Metals, Metallurgy and Materials (MMMM 2024) at Yashobhoomi, New Delhi during 27-29 September 2024.

Process and Product Innovations in Metal production is a marathon, not a sprint. The various stages involved in the metal and alloy production processes are complex and energy-hungry. Each stage influences the quality and cost of the final product, and is monitored individually. Focus is also on reducing the capital and operating costs of our installations.

I sure the deliberations in the International Conference and presentation of state-of-the-art technology and equipment by globally reputed organizations in the exhibition shall provide valuable inputs to business environment in the country.

I wish MMMM 2024 a grand success

(Amarendu Prakash)

Message from the
Regional Director - Asia
Hyve Group

I am delighted to welcome the industry at the 22st edition of HTF-CWE Expo, India's leading exhibition on Hand Tools, Power Tools and Fasteners along with other co-located events - IMEX, UMEX, Tech India and MMMM, which promise to showcase the best products and technology at the 3-day event in Dwarka, New Delhi, India.

Indian Government's Make in India and Digital India campaigns encourage the industries to adopt advanced manufacturing technology, thereby generating the need to create platforms like these exhibitions to facilitate knowledge transfer amongst the leaders of the industry.

The advancements in industrial automation and robotics have led to tremendous growth in electronics, automotive and metal manufacturing sectors. There is immense potential for further growth and groundbreaking innovations in laser technology, electroplating, robotics and systems integration, the exhibitions provide the front row seats to witness the technological evolution of machinery, manufacturing and maintenance Industries.

Exhibitions like HTF-CWE 2024 and its co-located events are a testimony to Hyve Group's continued commitment to create unmissable events worldwide that create an ecosystem of industrial growth in the era of digital transformation.

HTF-CWE 2024 aims to bring together manufacturers, suppliers, exporters, buyers, and importers from the allied industries to network and forge lasting business relationships.

On behalf of Hyve Group, I would like to thank all the exhibitors, speakers, delegates, sponsors, associations, and visitors for their immense support in making this event successful.

(Thomas Whelan)

Message from The
General Manager
Hyve India

It is a matter of immense pride for me to welcome you to the 22nd edition of HTF-CWE Expo, which will be hosted from 27-29 September 2024, at Yashobhoomi, Dwarka, New Delhi. Often referred to as India's largest exhibition on Hand Tools, Power Tools, Hardware, Fasteners, Cutting, Welding & Laser Technology, HTF-CWE 2024 is co-located with 4 concurrent events – IMEX, UMEX, Tech India and MMMM that aim to bring together some of the biggest names in Cutting, Welding, Pre-owned Machinery, Testing Equipment, Metalworking and Allied Industries.

Emphasizing Hyve's vision to create unmissable events worldwide, HTF Expo has seen unprecedented success in the last two decades with participation from 20+ countries spanning 4 continents and fulfilling the promise of a truly international experience.

As per market reports, the demand for power tools in India is anticipated to rise at 8.6% CAGR during the period 2023 - 2033. Total industry value is predicted to increase from US\$ 686 million in 2023 to US\$ 1,563 million by 2033. The construction segment is expected to dominate the Indian power tools industry, accounting for a volume share of approx. 31% in 2023.

HTF-CWE 2024 will bring together manufacturers, suppliers, buyers, and importers among other stakeholders from the fraternity to connect and network with each other, explore business development opportunities and strike lucrative deals.

On behalf of Hyve India, I would like to thank all the exhibitors, speakers, delegates, sponsors, associations, and visitors for their contribution in making this event a success.

(Gaurav Sood)

Message from The
Portfolio Director
Hyve India

It gives me immense pleasure to welcome the industry at this Grand Business Carnival for Metal, Machinery, Manufacturing, Maintenance, and allied Industries during 27-29 September 2024, at Yashobhoomi, Dwarka, New Delhi.

The collocated events have been designed to showcase new technology & development in engineering and manufacturing industries and provide a unique opportunity for face-to-face interactions with industry leaders at one place.

I would also like to extend my heartfelt gratitude to all the supporting Ministries Trade Associations, Partners and media from world over.

Wishing everyone fruitful participation.

A handwritten signature in black ink, appearing to read "G Sahni", with a long, sweeping horizontal line extending to the right.

(Gagan Sahni)

EVENT AT A GLANCE

A Grand Business Carnival of 5 events on
Metal, Machinery, Manufacturing, Maintenance & allied Industries

- **MMMM** - for Minerals, Metals, Metallurgy & Material
- **HTF** - for Advanced Hand Tools, Power Tools, and Fasteners
- **CWE** - for Advanced Cutting and Welding Equipment & Technology including Laser Technology
- **IMEX** - for Latest Machine Tools (CNC, Laser, Shot Blasting, Measuring & Testing Equipment and more.....)
- **UMEX** – for Economical Pre-owned machinery
- **TECHINDIA** - for Engineering and Manufacturing (Pumps, Valves, Compressors and mor....)

Exhibition Venue: Yashobhoomi , Dwarka , New Delhi, India
Exhibition Dates: September 27-29, 2024 (Friday to Sunday)

Visitor Entry Timings:

- 27- 28 September 2024 - 10:00Hrs to 18:00 Hrs
- 29 September 2024 10:00 Hrs to 16:00 pm

Registration Counter

- Hall # 1- Yashobhoomi , Dwarka , New Delhi, India

EVENT AT A GLANCE

A Sneak Preview

- Support from relevant Ministries, trade associations and World Metal Forum (WMF)
- Presence of 270+ leading Exhibitors from 10 countries
- International Open Seminar On "Green Steel Production: Sustainable Practices and Carbon Reduction" by Metalogic and WMF
- International Conference On "Process & Product Innovations in Metal Production" by IIM-Delhi Chapter
- Business Meets on "Latest Technology for Manufacturing & Maintenance Industries" by WMF
- Exclusive Metal Manufacturers Networking Pavilion
- Exclusive MSME Pavilion
- Dealers & Distributor meets.
- 25 + Invited International Trade Delegations from 10+ Countries.
- Exclusive Industry Excellence Awards.

DAY 1 - September 27, 2024

0930 – 1030 Hrs Registration

1030 – 1200 Hrs: Inaugural Session

1200 – 1215 Hrs: Tea

1330 – 1415 Hrs: Lunch

**1215 – 1330 Hrs: Panel Discussion I:
Innovation in Process & Product Development**

1330 – 1415: Lunch

**1415 – 1600Hrs : Technical Session 1
Product Development & Applications**

- Dr. Monojit Dutta, Tata Steel, (Invited Paper)
- Mr A. Chatterjee, RDCIS, SAIL, Ranchi
- Mr Immanuel Raju Kola, JNARDDC, Nagpur
- Dr. Pradyut Sengupta, IMMT, Bhubaneswar
- Dr. Ashwani Kumar, IIT Delhi

1600 – 1730 Hrs:

Technical Session 2: Process Innovations in Steel & Metal Sector

- Dr. Dayanand Paswan, CSIR-NML, Jamshedpur
- Mr Viswanath Ammu, JNARDDC, Nagpur
- Mr Kumar Abhishek, RDCIS, SAIL, Ranchi
- Dr. M Manikandan, Vellore Institute of Technology, Vellore
- Mr Chandan Kumar, RDCIS Bokaro Centre, SAIL

DAY 2 - September 28, 2024

**1030 – 1215 Hrs: Technical Session 3
Decarbonisation of the Metal Sector**

- Dr. Joachim Scheele, Linde Plc, (Invited Paper)
- Dr. Shilpi Kapur, EMC, (Invited Paper)
- Mr. B. K. Das, RDCIS, SAIL, Ranchi
- Mr. Jaydeep B Jadhav, EMD, SAIL, Kolkata
- Mr. Gaurav Verma, M N Dastur & Co
- Mr. N. P. Srivastava, Bokaro Steel Plant, SAIL
- Mr. Nirmalya Deb, BigMint, Raipur

International Conference

1215 – 1315 Hrs: Panel Discussion II

Decarbonisation of the Metal Sector and Strengthening R&D Ecosystem

1315 – 1415: Lunch

1415 – 1600 Hrs: Technical Session 4

- New Technologies
- Mr. Manoranjan Ram, Danieli India Ltd, (Invited Paper)
- Mr. Praveen Chaturvedi, Tenova Technologies Pvt .Ltd. (Invited Paper)
- Mr. Navneet Singh, Yogiji Digi, Faridabad (Invited Paper)
- Prof. S B Singh, IIT Kharagpur (Invited Paper)
- Mr. Santanu Saha, MIDHANI

1600 – 1730 Hrs: Technical Session 5

Recovery, Recycling & Waste Management

- Dr. Bhupinder Singh, IARI, Pusa, (Invited paper)
- Mr. Mohinder Singhania, Attero Recycling Pvt. Ltd., Noida
- Mr. Alok Kumar Mathur, Bhilai Steel Plant, SAIL
- Ms. Alopi Banerjee, Durgapur Steel Plant, SAIL
- Ms. Shaila Mir, IIT Roorkee

DAY 3 - September 29, 2024

1030 – 1130 Hrs: Technical Session 6

Raw Material Beneficiation & Advanced Refractory Material

- Mr. Pitamber Adhikari, Calderys India Refractories Pvt. Ltd
- Mr. J N Panda, IMMT, Bhubaneswar
- Mr. Rahul Kumar, Calderys India Refractories Pvt. Ltd.

1130 – 1215 Hrs: Technical Session 7

Digitalisation and Smart Technologies

- Mr. Manoj Arora, KJSS COSMOS
- Dr. Sanjay K Prasad, Global Energy & Resource Industry
- Dr. S B Saraswat, Global Institute of E-Commerce
- Mr. Vikas Agnihotri, Consultant, SAP

1230 – 1330 Hrs: Valedictory Session

**International Open Seminar on
“Green Steel Production: Sustainable Practices and Carbon
Reduction” by Metalogic**

International Open Seminar

Theme

“Green Steel Production: Sustainable Practices and Carbon Reduction” by Metalogic

DAY 1 - September 27, 2024

10am-11:30am Conference Inaugural Session
EConference Inaugural Session

10.00 am
Greetings and welcoming of VIPs on stage by Emcee

(Lamp lighting ceremony)

Conference Opening:

- **Ms. Monica Bachchan Duvvuri, Founder & CEO, Metalogic PMS**

Theme setting:

- Ms. Neha Verma, IFS, Director Ministry of Steel, GOI

Key Note Address by Special Invitee:

- Sh. Nagendra Nath Sinha, Former Secretary, Ministry of Steel

Special invitees Industry note:

- Mr. RK Goyal, Managing Director, Kalyani Steels
- Mr. VR Sharma, Vice Chairman, Advisory Group, JSP
- Mr. Aseem Gill, Vice President, Yogiji Digi
- Mr. Subhankar Sen, Business Head (Lubes), Bharat Petroleum Corporation Limited

Chief Guest

- **Sh. Bhupathiraju Srinivasa Varma, Minister of State, Ministry of Steel**

Discussion Points:

- » Policy Framework and Government Initiatives to Promote Green Steel Production
- » The Importance of Green Steel Production for Sustainable Development
- » Decarbonization Strategies for the Steel Industry

Handing over of Mementos by Hyve and Metalogic

International Open Seminar

11.30 - 11.40am

Business Networking Break

12.00 – 1.30pm

Session 1 – Green Steel Production Processes - Overview and Innovations

Speakers:

- Mr. Kondapalli Venkat – Section Head – Automotive & Yellow Goods – Technical Marketing –ArcelorMittal Nippon Steel India
- Mr. Gaurav Verma, DGM-Business Development & Branch Head, M. N. Dastur & Co. (P) Ltd
- Mr. Nitin Srivastava, Founder -Greengine Environmental Technologies Pvt Ltd
- Mr. Satyaki Dasgupta, General Manager - ECO solutions, Iron and Steel, Primetals Technologies India Private Limited
- Mr. Sohail Akhtar- Chief General Manager, Marketing, Bharat Petroleum Corporation Limited

Discussion Points:

- Overview of the concept and importance of producing steel with minimal environmental impact.
- Carbon Reduction Techniques: Explanation of various methods used to reduce carbon emissions in steel production, such as hydrogen-based processes, biomass utilization, and carbon capture and storage.
- Renewable Energy Integration: Discussion on integrating renewable energy sources like solar and wind power into steel production processes to reduce reliance on fossil fuels.
- Recycling and Circular Economy: Highlighting the importance of recycling scrap steel and adopting circular economy principles to minimize waste and resource consumption.
- New Grade Lubricants for Steel Industry to reduce carbon footprint.

(Interaction with Audience and Summarization of Session by the Chair)

(Hi-Tea & Snacks served on the seats)

1.30 – 3.00pm

Session 2 – Market Trends and Opportunities in Green Steel Production

Speakers:

- Sh. Ajay Yadav, Joint Secretary, MNRE&C
- Mr. Mohit Kapoor, Warehouse Association of India
- Mr. Manish Mishra, Chief of Corporate Affairs, Tata Steel Ltd
- Mr. Arvind Singh – Vice President - Sales, SPP Sulzer India

International Open Seminar

1.30 – 3.00pm

Session 2 – Market Trends and Opportunities in Green Steel Production

Speakers:

- Sh. Ajay Yadav, Joint Secretary, MNRE&C
- Mr. Mohit Kapoor, Warehouse Association of India
- Mr. Manish Mishra, Chief of Corporate Affairs, Tata Steel Ltd
- Mr. Arvind Singh – Vice President - Sales, SPP Sulzer India

Discussion Points:

- Growing Demand: Highlighting the increasing global demand for environmentally sustainable steel products, driven by consumer preferences, regulatory requirements, and corporate sustainability goals.
- Policy Support: Discussion on government policies and regulations supporting the transition to green steel production, including carbon pricing mechanisms, emission standards, and incentives for clean energy adoption.
- Investment Opportunities: Identifying investment opportunities in green steel production, including funding for research and development, infrastructure development, and capacity expansion.
- Emerging Markets: Exploration of emerging markets for green steel products, such as electric vehicles, renewable energy infrastructure, and sustainable construction projects.
- Supply Chain Integration: Analysis of opportunities for integrating green steel production into existing supply chains, including partnerships with raw material suppliers, manufacturers, and end-users.
- Competitive Landscape: Overview of the competitive landscape in the green steel market, including key players, market dynamics, and strategic alliances shaping the industry.

(Interaction with Audience and Summarization of Session by the Chair)

(Hi-Tea & Snacks served on the seats)

3.00 – 4.00pm

Session 3 – Case Study Presentations: Successful Implementation of Green Steel Projects – Overview, Challenges, Achievement & Lessons Learned

Speakers:

- Mr. Varun Jindal, Managing Director, Dev Energy
- Mr. Naresh Lalwani, EVP and Head, Renewable Energy, JSW Steel
- Mr. Anish A. Surya, General Manager, Sales (KAM), Danieli India Ltd.

Discussion Points:

- Implementation of Coal Gas Based DRI
- Integration of Renewable Energy in Steel Production
- Syn Gas based Iron making
- Adoption of Circular Economy Principles in Steel Manufacturing

(Interaction with Audience and Summarization of Session by the Chair)

(Hi-Tea & Snacks served on the seats)

International Open Seminar

DAY 2 - September 28, 2024

10:30 – 12:00pm

Recap and Introduction to Day 2

Session 1: Future of Iron Making in the Era of Green Steel Production & Task Force for Green Steel

Speakers:

- Sh. Saraswati Prasad, Former Special Secretary, Ministry of Steel
- Sh. Aniruddha Kumar, Former Add. Secretary, MNRE
- Mr. Rajiv Ranjan, CGM, Business Planning Group, Steel Authority of India Ltd.

Panel Discussion:

- **Emerging Trends in Iron Making:** Exploration of innovative iron making technologies and processes that prioritize environmental sustainability, such as direct reduced iron (DRI), hydrogen-based reduction, and electrolytic iron production.
- **Environmental Benefits:** Discussion on the environmental benefits of green iron making processes, including reduced carbon emissions, energy savings, and lower environmental footprint.
- **Market Opportunities:** Analysis of market opportunities and drivers for green iron making, including regulatory incentives, consumer demand for sustainable products, and corporate sustainability goals.

(Hi-Tea & Snacks served on the seats)

12:00-1.30pm

Technical Session 1: Decarbonization Techniques in Iron Making

Speakers:

- Mr. Paramjeet Singh, Add. Industrial Advisor, Ministry of Steel
- Mr. Naveen Ahlawat, Head-Power to X, Green Hydrogen, Green Steel, Gasification projects & CCSU, Jindal Steel & Power
- Mr. Atul Kumar, Director – Vertical Markets (Metals & Cement) and Key Accounts, Siemens Energy
- Mr. Praveen Chaturvedi, Sr VP & Head – Sales Upstream India, Tenova Technologies Pvt Ltd

Discussion:

- **Blast Furnace Retrofitting:** Discussion on retrofitting existing blast furnaces with carbon capture and storage (CCS) technologies to capture and sequester carbon dioxide emissions.
- **Direct Reduced Iron (DRI):** Explanation of DRI technology, which utilizes natural gas or hydrogen as reducing agents instead of coke, resulting in lower carbon emissions and higher energy efficiency.
- **Hydrogen-based Reduction:** Exploration of iron making processes that utilize hydrogen as a reducing agent, such as direct reduction with hydrogen (H-DRI) or hydrogen plasma reduction, offering the potential for zero carbon emissions.

International Open Seminar

- Biomass and Biochar Utilization: Overview of biomass and biochar utilization in iron making processes as renewable carbon sources, reducing reliance on fossil fuels and mitigating carbon emissions.
- Electrification of Iron Making: Discussion on electrification technologies, such as electric arc furnaces (EAF) and electrolysis, which use electricity from renewable sources to produce iron with minimal carbon footprint.
- Carbon Capture and Utilization (CCU): Introduction of CCU technologies that capture carbon emissions from iron making processes and convert them into valuable products, such as chemicals, fuels, or building materials.
- Technological Integration: Highlighting the importance of integrating multiple decarbonization techniques and technologies to achieve significant reductions in carbon emissions throughout the iron making process.

(Hi-Tea & Snacks served on the seats)

1.30-3.00pm

Technical Session 2: Role of Technology and Innovation in Green Iron Making

Speakers:

- Mr. Rajesh, Sr. Manager, Xian ShaanGu Power Co. Ltd
- Mr. Parth Kumar, Programme Manager | Industry Programme | Centre for Science and Environment

Points of Discussions:

- Discussion on the latest technological innovations in green iron making, including process optimization, automation, and digitalization, to improve energy efficiency and reduce carbon emissions.
- Alternative Iron Making Processes: Exploration of alternative iron making processes, such as direct reduced iron (DRI), smelting reduction, and hydrogen-based reduction, which offer lower carbon footprint and higher energy efficiency compared to traditional blast furnace routes
- Materials and Metallurgical Research: Showcase of research and development initiatives focused on developing advanced materials, alloys, and process technologies to enhance the performance and sustainability of iron making processes.
- Economic Viability: Discussion on the economic viability of green iron making \ technologies, including investment costs, operational expenses, and potential revenue streams, to ensure competitiveness and long-term sustainability of green iron making initiatives.

(Hi-Tea & Snacks served on the seats)

"Latest Technology for Manufacturing & Maintenance Industries"

By WMF

DAY 1 - September 27, 2024

10:00 - 11:00 Hrs Delegate Registration

11:00 - 12:00 Hrs Opening Remarks & Welcome by HYVE India

12:00 – 1:00 Hrs - Session 1

Topic: Role of AI and Robotics in Transforming Steel Technology

Speaker: Mr. Raj Kumar Sharma, President (All India Council for Robotics & Automation - AICRA)

1:00 – 2:00 Hrs - Session 2

Topic: Achieving Lubrication Reliability through IIOT in Maintenance Practices

Speaker: Mr. Anshuman Agrawal, Founder & MD (Minimac Systems Pvt. Ltd.)

2:00 – 3:00 Hrs -Session 3

Topic: Lead Battery Recycling solutions for a sustainable future

Speaker: Mr. Pradeep Jain, Director (PSR Metals Pvt. Ltd.)

3:00 – 4:00 Hrs – Session 4

Topic: Financing opportunities for MSME in Metal sector for domestic and export/import transaction

Speaker: Mr. Roman Volkov, Founder and MD (Metal-Market.in)

Closing Remarks & Thanks

DAY 2 - September 28, 2024

10.30 - 11.00 Hrs Opening Remarks and Welcome by Hyve India

11:00 – 12:00 Hrs Session 1

Topic: How AutoCAD is helping manufacturing technologies to evolve

Speaker: Mr. R. Ajithprabhakar, Specialist - Solution Sales (TD SYNEX)

12:00-1:00 Hrs - Session 2

Topic: Hand Tools Manufacturing in India & Its Global positioning

Speaker: Mr. Rajesh Peshion, General Manager Marketing (Osho Tools Pvt. Ltd.)

1:00-2:00 Hrs - Session 3

Business Meets

Topic: Zero Mechanical Wear Machine - Magnetic Bearing Compressor - A Future with Low Maintenance

Speaker: Mr. Arvind Singh, Vice President (Sulzer Pumps India Pvt. Ltd.)

2:00-3:00 Hrs - Session 4

Topic: Operational Efficiency Improvement

Speaker: Mr. Kumar Kartikeya, Ex. Group Project Head (JSW Steel & Rungta Mines Ltd.)

Closing Remarks and Thanks

DAY 3 - September 29, 2024

10.30-11.00 Hrs Opening Remarks and Welcome by Hyve India

11:00-12:00 Hrs - Session 1

Topic: Pit To Port Digitalisation Addressing Logistics, Labour or Capital - Major Challenge for the Indian Steel Industry

Speaker: Mr. Mansur Farooqi, CEO and Co-Founder (Linqhaul India Pvt. Ltd.)

12:00-1:00 Hrs - Session 2

Topic: Zero Carbon Emission Vision

Speaker: Mr. Raj Kumar, Joint Director (Ministry of Steel – Government of India)

1:00-2:00 Hrs - Session 3

Topic: Role of Technology in the Recycling to achieve circularity

Speaker: Mr. Sujeet Samaddar, Founder and Secretary (Society for Aerospace Maritime and Defence Studies)

2:00-3:00 Hrs - Session 4

Topic: Industry 4.0 – Managing the Skill Gap & Workforce Training

Speaker: Mr. Sanjay Bhardwaj, Industry & Strategy Head (Capital Goods & Strategic Skill Council)

Closing Remarks and Thanks

Times International Publication: Importance of Market and Business Analysis for the MMMM Industry

Times International Publication is a crucial resource for market and business analysis in the minerals, metals, metallurgy, and materials (MMMM) industry. As this sector undergoes rapid changes due to technological advancements and evolving regulations, Times International offers essential insights for strategic decision-making. The publication identifies growth opportunities, such as new materials and green technologies, enabling companies to innovate and adapt.

Its coverage of regulatory updates helps businesses stay compliant with environmental and safety standards, minimizing risks. With a strong emphasis on sustainability, Times International guides companies in adopting eco-friendly practices and technologies. By providing competitive analysis and benchmarking data, the publication supports businesses in enhancing performance and maintaining a competitive edge.

Overall, Times International is invaluable for the MMMM sector, equipping industry players with the knowledge needed to succeed in a dynamic market environment.

LINGHAUL

CONNECTED DIGITAL LOGISTICS

LingHaul is the world's first Digitally Connected Logistics Platform. Our intelligent platform harnesses the power of cutting-edge technology and data, to improve efficiency, reduce logistics costs, increase productivity, reduce TAT (Turn Around Time), increase transparency and reliability in the Supply Chain and logistics ecosystem.

With global teams located across Indonesia, Oman, and India, LingHaul assists large Enterprises in realizing their 'Digital Transformation' objectives with speed and efficiency.

We are agile, we are receptive, we are built for developing markets. This helps us focus maniacally on our Clients and work with them as per their custom logistics processes and requirements.

Modules:

CORTEX - Road Logistics

From Transporter Digitalization to Man-less Documentation, our comprehensive suite includes features like Entry/Exit Gate Automation, Unmanned Weigh Bridges, Loading/Unloading Automation, Safety & Security Compliance, Transit Tracking, Theft & Pilferage reduction, E-PoD, Digital Invoicing & Payments.

IRIS - Rail Logistics

Introducing IRIS, world's pioneering Rail Logistics Digital Platform, revolutionizing planning, scheduling, and management of rail logistics. Experience fully digitalized processes, from intelligent indent management to seamless integration with ERP, and more.

PULSE - Pit Operations

Unlock operational excellence with our Production Efficiency Module, designed to maximize asset utilization and performance metrics. Gain insights into work rate analytics using specialized GPS devices and Linghaul sensors. Our Fuel Monitoring System (FMS) ensures proactive monitoring and prevention of pilferage.
